Waitwaitwait--my stupid fax didn't get there! (Why do people still want faxes...) I could meet you downstairs after I verify?

They're trapped in the stone age.

We'll wait.

So who are you, and what have you done with Chaz? That was... not bad, Bro.

Yeah, he kicked my ass. :-P Dammit. More hours. I refuse to be the worst shot on the team.

“I refuse to be the worst shot on the team.”

Actually, what with you and the Platypus Making Strides, that's El Jefe. But don't you dare tell him I said so.

Well, I certainly heard nothing of the sort.

But you're right. What changed, Platypus?

I started shooting left-handed consistently. I guess I'm not always as ambidextrous as I thought.

Um. And I was practicing while I was out on disability. After I was well enough to get bored.

Can I come too? It's too damn hot to shoot outside, and the local indoor range wants \$15 per person per hour.

The plane fare would probably come to more than that.

Happiness is a warm gun/bang bang, shoot shoot.

Ah, the classics!

Would eye dominance matter here, along with hand dominance?

 Yes. >8> But you're supposed to be able to adapt.

Only thing that sucks about shooting lefty is that the brass can end up in your face, depending on what you are shooting. You gonna move to the snob side and start shooting an HK? \*grin\*

Mom's got an HK for her hideout she'd prob'ly let you try. It's not a .40, but you could factor that in.

...I'm kind of getting attached to the Sig. The new Sig.

It's comfy. And I mean, isosceles grip. So. Like that.

Yes, I promise to keep practicing with my off hand. My new off hand.

You either have much smaller hands than I do, or an extra joint on your fingers to use the controls on a Sig. I salute you. And yeah, controls aside, the feel of the grip is where it's at. Don't tell, but I shoot a hair better with a Glock than my HK.

It's just physics.

Anyway, if I'm going to get myself entrusted with my teammates' safety again, maybe next time I should be a better shot. It's not like I'm always going to have a meatball sub or Duke around when I need them.

[COLLAPSE](#)

Maybe not, but you're still the most dangerous person with a meatball sub I know.

Hah. The Glock used to hit me in the face all the damned time, even shooting righthanded. I'm accustomed.
